MOBILE SERVICE

Because You Have Customers Too

Is truck downtime affecting the service you provide to your customers?

With Idealease Mobile Service, you can schedule preventive maintenance when your vehicles are not operating—at your locations, during off hours, or on weekends.

Our fully equipped Mobile Service vehicles and expert technicians bring top-notch preventive maintenance directly to you. Idealease Mobile Service keeps your vehicles on the road, and you keep your customers happy.

IDEALEASE MOBILE SERVICE FEATURES:

HIGHLY SKILLED SERVICE TECHNICIANS

Our factory-trained technicians have the knowledge, equipment, and parts to conduct thorough inspections, perform preventive maintenance, and complete minor on-site repairs. They work as an extension of your operation to maximize vehicle uptime and reduce costs.

FULLY EQUIPPED AND STOCKED SERVICE VEHICLES

Each Mobile Service vehicle is versatile and capable of supporting a wide range of maintenance and repairs.

ENVIRONMENTALLY SAFE

Our Mobile Service vehicles are designed with quick connects and an evacuation system to transfer oil directly from the engine to a secured waste oil tank, ensuring environmental safety.

Note: Mobile Service does not eliminate the need for trucks to visit the shop for major repairs, repairs requiring specialized equipment, or repairs needed between PMs that do not render the truck out-of-service per DOT regulations.

Mobile Service Benefits:

- Convenience – Schedule PM service where and when you need it
- Service Expertise – Professionally trained Idealease technicians
- Efficiency – Preventive maintenance and minor repairs performed on-site
- Reduced Costs – Save time and money by not moving vehicles to and from service locations
- Productivity – Optimize drivers' available hours of service
- Environmentally Safe Systems – No-spill oil change system, green oil evacuation

Every Mobile Service vehicle includes:

- Oil, lube, and cooling supplies
- Evacuation systems
- Stocked maintenance parts: belts, filters, wiper blades, and bulbs
- Trailer connection testing for lights and signals
- On-board air compressor, welding equipment, and generator
- Refrigeration tools and parts
- Fully equipped technician toolbox
- Computer to perform on-board vehicle diagnostics
- Exterior lights for nighttime illumination

TODAY, EVERY RESOURCE AND EVERY MINUTE COUNT!

How can you reduce operating costs, improve vehicle uptime and optimize your drivers' hours of operation?

With Idealease Mobile Service you can schedule service when your vehicles are not operating—during off hours or on weekends—at your location. Mobile Service reduces vehicle downtime, driver downtime, and fuel expense.

Mobile Service also improves the use of your drivers' available hours of service because they are not moving the vehicle to and from a separate service location.

Idealease Mobile Service is one of the premier services offered by Idealease through its more than 430 locations in the U.S., Canada, and Mexico. An Idealease Account Manager can help you consider all the factors and calculate the savings your business will experience by using Idealease Mobile Service.

Time is money. You can rely on our expert Mobile Service technicians to provide commercial truck maintenance and repairs that keep your vehicles running smoothly, allowing you to focus even more attention on serving your customers and growing your business.

Contact your local Idealease Account Manager to learn more or visit us online at www.ideallease.com.
